

# DESIGN YOUR OWN CASE

## iPhone 5/5S Template

### **For Best Results Please Follow These Steps :**

- 1.** Everything that is black will be engraved. Please fill in all text and shapes that you would like to have engraved on the case. IF IT IS NOT BLACK, IT WILL NOT BE ENGRAVED ON THE CASE (Please do not send color).
- 2.** If the design is not within the lines of the template it will not be on the case.
- 3.** Please try to avoid extremely small details because once engraved on the case it is very hard to see.
- 4.** We only accept PDF and AI files.
